WORD FROM THE EXECUTIVE PRINCIPAL

Dear Parents/Guardians

4 November 2024

We have had amazing achievements with our Choir and Cheerleading as well as Amogelang Ramaboya that participated in the BBold International Eisteddfod finals. It was great exposure for our learners as it was the first year that we participated on this level. The Choir obtained 3rd overall position in the finals.

Learners are all now busy with their examinations and our hearts and prayers are with each learner. "Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the start to change the world." Harriet Tubman

Kind regards.

What happens this week?

Monday: Maths/MathsLit P2 Gr 12NSC

Tuesday: GEO P1 and CAT Gr 12 NSC

Wednesday:

Thursday:

Friday: Physical Science P1 Gr 12NSC

Saturday:

Systemic Tests

We recently completed our Systemic School tests in the subjects English, Mathematics and Natural Sciences & Technology. These tests are designed to evaluate the educational system as a whole, rather than just individual student performance. These tests aim to measure the effectiveness of educational policies, curriculum, and teaching methods across schools or districts.

Key features of the systemic tests include: standardization, comprehensive coverage, data analysis and the overall learner performance rate.

Discipline Theme of the Term

Textbook Collection and Responsibility Notice

We would like to inform you that all textbooks will be collected immediately after the last exam paper for each subject. Please ensure that your child returns their textbooks in good condition. 📖

Additionally, please be aware that parents will be held responsible for a fee of R300 for any lost or damaged textbooks.

We appreciate your cooperation in this matter. ☀️

Roboticon 2024

We are so proud of our learners who recently attended Roboticon! 🚀 This exciting event gave them the opportunity to dive deeper into the world of robotics, showcasing their innovative skills and problem-solving abilities. Our learners were inspired by the cutting-edge technology on display and left feeling more motivated than ever to keep exploring the endless possibilities of STEM. ⭐ We can't wait to see how they apply what they've learned in future projects!

Personal Growth

Academic challenges often push students out of their comfort zones, leading to personal growth and a better understanding of their strengths and weaknesses.
